### **NOTICE**

To,

Members

Indian History Congress

Dear Colleagues,

I sincerely hope that you and your families are in good health. We are seeing an unprecedented situation in the country and across the world. The pandemic that was announced in March, 2020 has affected the movement of people and goods, the global economy and our everyday lives, and resulted in an unprecedented lockdown across the globe. Under these circumstances, it is with regret that I inform you that we will not be in a position to hold the annual session of the Indian History Congress in December 2020.

However, I assure you, once the situation is under control and it is deemed fit to have gatherings of people in large numbers, we will take stock of the situation and do our best to organise the 81<sup>st</sup> session of the Indian History Congress. I seek your support and understanding in this regard.

Best wishes,

Mahalakshmi

Secretary, IHC
